Continuation of Disposition of Claims: Claims pending in the application are 12,11,12,13,14,18,19,20,31-34,36,38,39,40,42-44-46,48,49,50,51,52.

**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

The rejection under this paragraph has been withdrawn.

***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 10, 11, 32,33,42,43 and 52 are rejected under 35 U.S.C. 103(a) as being unpatentable over Korehammer (of record).

The teaching of the primary reference is of record. The applicant argues the motivation for adding the conditional rules and the action strategy is based on the secondary reference fails from the outset in that the secondary reference does not have a 102 date. While it is true that the reference fails to teach a plurality of sets of conditional rules defined in a memory therein, each set of conditional rules defining a discovery strategy and an action strategy, the discovery strategy specifying parameters for whether and how to obtain price quotations for at least one of a plurality of markets, and the action strategy specifying order processing parameters, It would have been obvious for one skilled in the art to have added a feature to discover the lowest price (the discovery strategy) and to have executed the trade (the action strategy) as motivated by the need to either comply with regulations or to find their clients the lowest price.

Claim 12,13,14,18,19,20,31,34,36,38,39,40,41,44-46,48,49,50,51 are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
